

# What to expect from Zoom Webinar as a delegate

The presenter's screen.

The presenter

Chat – select this and you will be able to see the general chat throughout the conference.

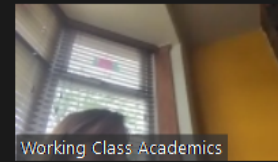

Q & A – select this to ask a direct question of the speakers.

## Some other key points:

- The view maybe slightly different, i.e. you may see a full shared screen, with the presenter as a pop out. You should be able to change views by selecting the 'View Options' at the top of the screen.
- You can adjust the view above by using the slider in-between the shared screen and presenter to make one or the other larger/smaller.
- The raise hand option will probably be disabled on the days of the conference.
- You will only be able to see the chairs and presenters. You won't be able to see any of the other delegates.
